

Grants in action

Our research

Thanks to the Leverhulme Trust and our funders, the Leverhulme Centre for Demographic Science is continuing to disrupt and realign demography.

Professor Melinda Mills, Director

Newton International Fellow

Dr José Manuel Aburto joined us with a Newton International and Marie Skłodowska-Curie Fellowship.

Marie Skłodowska-Curie Fellow

Last year, Dr Andrea Tilstra was successful in her application for a Marie Skłodowska-Curie Actions (MSCA) Postdoctoral Fellowship.

My ERC Consolidator MORTAL grant uses biosocial and demographic approaches to understand recent stalls in life expectancy in the US, UK, and other European countries.

Professor Jennifer Dowd, Deputy Director

US exceptionalism? International trends in midlife mortality. JB Dowd, K Doniec, L Zhang, A Tilstra. *International journal of epidemiology*, 2024

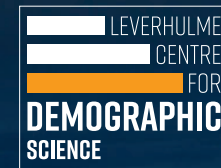

Inequalities in healthcare use during the COVID-19 pandemic. A Frey, AM Tilstra, MD Verhagen. *Nature Communications*, 2024

Evidence from Finland and Sweden on the relationship between early-life diseases and lifetime childlessness in men and women. A Liu, ET Akimova, X Ding, MC Mills, A Ganna et al. *Nature Human Behaviour*, 2023

Studying the genetics of participation using footprints left on the ascertained genotypes. S Benonisdottir & A Kong. *Nature Genetics*, 2023

Nowcasting daily population displacement in Ukraine through social media advertising data. DR Leasure, R Kashyap, F Rampazzo, MD Verhagen, A Frey, ET Akimova, MC Mills et al. *Population and Development Review*, 2023

Leverhulme Centre for Demographic Science

This interdisciplinary research centre, funded by the Leverhulme Trust and located at the University of Oxford, is tackling the most challenging demographic problems of our time.

Three ways to join us

1 Check out our vacancies

Join Dr Joshua Wilde's SEXRATIO project

- Senior Researcher in Reproductive Demography, apply by 29 April
- Postdoc Researcher in Reproductive Demography, apply by 25 April

Upcoming vacancies

- Senior Research Fellow in Geospatial Pandemic & Disaster Preparedness
- Data Wrangler in Geospatial Analyses
- Associate Professor in Demography
- Many future LCDS & project-based Postdocs

2 Student opportunities

At Oxford Population Health, our researchers offer supervision on the DPhils in Population Health and Health Data Science. **Are you interested in being supervised by one of our researchers?**

CONTACT US

There are also a wide range of scholarship opportunities that candidates can apply for across the University of Oxford.

We are currently integrating our teaching into Oxford Population Health's MSc and DPhil programmes. Stay tuned for a Summer Lecture Series at Oxford Population Health on the topic of 'An Introduction to Demography and Demographic Methods'!

3 Apply for funding

Grants you can apply for to join us:

Early-career

- European Research Council (ERC) Starting Grant
- British Academy (BA) International Fellowships
- BA Newton International Fellowships
- MSCA European Postdoctoral Fellowships
- College schemes for short-term Visiting Fellowships

Mid-career

- BA Visiting Fellowships
- ERC Consolidator Grant
- Wellcome Career Development Awards
- MSCA Researchers at Risk

Senior Academics

- ERC Advanced Grant
- Leverhulme Trust Visiting Professorships

Collaborative

- ERC Synergy Grant
- UKRI-SBE lead agency opportunity
- MSCA Staff Exchanges
- MSCA International Cooperation
- ERA Talents
